

REMARKS

The office action of June 23, 2005, has been carefully considered.

It is noted that claims 1-3 are rejected under 35 U.S.C. 112, second paragraph.

Claim 1 is further rejected under 35 U.S.C. 103(a) over the patent to Cassina.

Finally, it is noted that claims 2 and 3 would be allowable if rewritten in independent form and to overcome the rejection under 35 U.S.C. 112, second paragraph.

In view of the Examiner's rejections of the claims, applicant has canceled claim 2 and amended claims 1 and 3.

It is respectfully submitted that the claims now on file particularly point out and distinctly claim the subject matter which applicant regards as the invention. Applicant has amended the claims to address the instances of indefiniteness pointed out by the Examiner.

In view of these considerations it is respectfully submitted that the rejection of claims 1-3 under 35 U.S.C. 112, second paragraph is overcome and should be withdrawn.

It is respectfully submitted that the claims presently on file differ essentially and in an unobvious, highly advantageous manner from the constructions disclosed in the references. Applicant has amended claim 1 to include the subject matter of allowable dependent claim 2. With this change it is respectfully submitted that claim 1 and claim 3, which depends from claim 1, are in condition for allowance.

In view of these considerations it is respectfully submitted that the rejection of claim 1 under 35 U.S.C. 103(a) is overcome and should be withdrawn.

Reconsideration and allowance of the present application are respectfully requested.
